

## Marlow 58E

Make	Model	Length	Price	Year	Condition
Marlow	58E	58 ft	\$ 1,799,000	2015	Used
Boat Name	Hull Material	Draft	Number of Engines	Fuel Type	
BET-A-BUC	Composite	4 ft 10 in	2	Diesel	

Like her smaller and larger sisters in the ever expanding product line, the Marlow Explorer 58E exhibits comparatively huge volumes of space compared to typical polyester and woven roving construction with inferior plywood bulkheads and wood framed bilges. By eliminating wooden supports, bulkheads and framing in favor of resin infused composite construction we have once again been able to bring a yacht to market with 79" of headroom in the main salon and lower accommodations areas, 74" in the engine room and a total height to the top of the hardtop of just 18'2". This low profile make a far superior sea boat with a drastically lowered center of gravity, while allowing the yacht to slip under many bridges an ordinary yacht in this size range would have to wait for. The proprietary and protected Velocijet Strut Keels® are used to great success allowing

propeller protection and down sea tracking that has the industries' experts raving. Like feathers on an arrow, these twin tails guide and stabilize the yacht making heavy downwind running a delight rather than a white knuckle experience. Custom built epoxy fiberglass tanks, fiberglass fuel tanks (no corrosion) and the finest fittings available from the premier suppliers around the globe, the 58E will be, like her sisters, a yacht for the ages. Old world craftsmanship blended with modern space age components and technology. Yachting will never be the same.

## Measurements

Cruising Speed: 22 kn  
LOA: 67 ft 8 in  
LWL: 54 ft 4 in  
Beam: 18 ft 6 in  
Max Bridge Clearance: 18 ft 2 in  
Max Draft: 4 ft 10 in  
Displacement: 69000 lb  
Fuel Tanks Capacity: 1500 gal  
Fresh Water Tanks Capacity: 300 gal  
Holding Tank Capacity: 125 gal  
Number of Heads: 4

## Propulsion

### *Engine #1*

Engine Make: Caterpillar  
Engine Model: C-18  
Primary Engines: Inboard  
Hours: 800  
Power: 1150 hp

### *Engine #2*

Engine Make: Caterpillar  
Engine Model: C-18  
Primary Engines: Inboard  
Hours: 800  
Power: 1150 hp

## Virtual Tour

<http://www.vpix.net/752053>

## General Arrangement

This raised deck pilothouse lower helm area has been replaced with a large seating area making the yacht feel much larger than a 58. The upper helm is fully enclosed eliminating the need for the

lower station. With wide side decks, a cockpit station and wireless Yacht Controller a couple will be able to dock her with ease.

The salon is open to the Galley and seating area providing a clear view from the aft salon doors to the front windows giving you a great sense of space.

There is plenty of outdoor space with a large cockpit seat and table that will seat 6 with the addition of 3 chairs. Behind the command bridge on the upper deck the seating and table is duplicated with room for 6.

She has a full beam Master Stateroom with His and Hers heads and a VIP with a large head. This is the perfect yacht for 2 couples. There is a nice crew cabin aft when you want to take a mate with you.

As you go below the full size washer and dryer are on the starboard side with a nice bunk / folding area above.

Bet-A Buc has a rich warm Cherry Interior with traditional solid Teak and Holly floors.

### **Salon**

As you walk in the aft salon doors there is a very comfortable sofa to Starboard. The sofas are covered in Cashmere Ultraleather and the seats lift up for storage. On the port side there two comfortable chairs with an end table between. The TV is on the forward end of the room for easy seating from all seats. There is a generous size coffee table made from matching Cherry. The wine cooler is aft and subzero beverage center forward by the stairs to the Galley

Built in Settee  
Twin Chairs with table  
Cherry coffee table  
Wine Cooler  
SubZero Drink refrigerator  
Large LED TV

### **Galley**

The galley is stunning with her custom granite counter tops, Franke stainless sink, and gold single lever faucet. There is a full size 4 burner Décor cooktop, full size Décor oven and Sharp microwave. There are 2 Sub Zero refrigerator drawers and 2 sub zero freezer drawers.

## **Pilothouse / Dining Area**

The pilothouse table is satin Cherry with a bull nose edge. The settee is a large U shape covered in beautiful cashmere ultraleather. This is a nice table for 6.

There is a large cabinet on the port side with a granite top. The current owner used this as a coffee station so nobody had to go into the galley to get coffee.

This is a very open feeling space with views in all directions.

## **Electronics**

The Command bridge features 3 15" multi function chart plotter displays. The components are networked and all displays can do any function (Radar, Chart Plotter, Depth). The major components are listed below.

Three Garmin 8215 15" Multi-function displays  
Garmin 4KW Radar with 4' open array  
Garmin 4KW Backup Radar  
Simrad AP28 autopilot  
Garmin GSD 24" Sounder / Fish finder  
ICOM M604 VHF Radios  
Garmin AIS 300  
Camera system with cameras in engine room and cockpit  
Satellite Weather capable with additional equipment and subscription  
KVH Trackvision HD TV  
Wireless Yacht Controller

## **Master Stateroom**

The interior of the Master stateroom is finished in beautiful satin Cherry. The led lights are on dimmers.

The Master stateroom is a center line King with nightstands and storage drawers on either side. The heads are accessed by port and starboard doors and each side has a toilet and sink area with light Cream of Marphil counter tops. There are beveled mirrors in the inside of the port and starboard head doors.

In the stateroom there are hanging lockers and storage drawers on each side that are plenty for cruising. The large TV is on the forward Port side. On the port side there is a comfortable vanity and seat, the perfect spot for getting ready for your day.

## **VIP**

The VIP is a queen. Under the berth there are several deep storage drawers. There is a cedar lined hanging locker on the port and starboard side. Overhead there are two opening hatches with blackout and bug screens. There is a Samsung TV on the aft wall . The room is finished in satin Cherry with high gloss teak and holly floors.

## **Engine Room**

The Engine Room is beautiful. The bilges are bright white. The space is well lit. Four 24Volt DC fans circulate air in and out.

The 1500 Gallon fuel tank is in the forward bulkhead. The tank is custom built with epoxy fiberglass and is shaped to use all possible space maximizing capacity. There is a spring loaded Bronze shutoff valve that can be closed from the side deck in an emergency. All fuel supply lines are stainless steel wherever possible. At the center of the tank there is a glass sight glass marked off in gallons.

The Caterpillar C-18'S are rated at 1,150 HP each and have 800 hours on them. The engines sit on composite stringers made from Carbon Fiber. The CAT Engines have the Advantage Warranty That is transferable to the new owner. The ZF Transmissions connect to the fluid filled shaft system through an intermediate shaft with two sets of U joints, increasing efficiency and eliminating any on going alignment issues. This system also eliminates the need for a conventional salt water cooled shaft seal, eliminating any salt water from drive line. The shaft is fully enclosed in a tube full of synthetic lubrication oil. This system also replaces the conventional cutlass bearing with ball bearings for smooth operation for many years.

The 17 KW Onan Generators have 600 hours on them. They are outboard of the engines. The generators are sized to run all the systems on the boat. On the aft wall there is a 3.5KW Outback inverter. The inverter will run all the refrigeration and many other systems for the day, eliminating the need to run the generator all the time.

To Starboard you will find two large Marine Air Chillers. The Chilled water AC system is much more robust than conventional DX systems and offers complete redundancy.

Caterpillar C-18's @1,150 HP  
Twin Onan 17 KW generators  
3,500 Watt Outback Inverter  
24 Volt Battery Charger  
12 Volt Battery Charger

24VDC to 12VDC Converter  
Marine Air Chilled Water Air Conditioning System  
Oil Filled Shaft System  
NAIAD Stabilizers

## **Electrical**

The yacht is set up to use 2 50A shore power cords when you are running the Air Conditioning. In good weather when you do not need Air Conditioning one cord will run the boat. This yacht has 2 glendinning cblemasters at the Bow and 2 at the stern providing great flexibility.

The yacht has a 3,500W inverter system that is hooked up to 4 large house batteries that will run the refrigeration and deck outlets when you do not have dock power or a generator running.

You will find that this yacht is simple to use and the electrical system is intuitive and easy to understand.

Electrical bonding system

3.5KW Outback inverter

Battery parallel switches

Upgraded AGM Batteries

110 Volt and 220 Volt house systems

Overhead 24V lights

AC/DC distribution panel with magnetic circuit breakers

Voltage meter for all battery banks

4 Glendinning cable masters 2 at the stern and 2 in the Bow

Twin Onan 17kw Generators with 750 hours

## **Enclosed Command Bridge / Upper Aft Deck**

It is always a nice day in the Command Bridge. This is also a great place to live in while not underway. The large seating and table provide the best views. The twin Stidd helm chairs are very

comfortable. The Garmin Electronics package is complete with dual 15" screens, 4kw open array radar and a backup 4 KW radar, sounder module and camera system.

The CAT electronic display is immediately forward of the large Teak and Ebony wheel. All the yachts systems can be monitored by viewing the indicators above the helm area. You can monitor the status of all tanks, battery banks, and warning devices.

There is a very nice Day head in the port aft corner of the Command Bridge. The combination of the enclosed climate controlled helm, drink fridge and day head make this the perfect yacht for those that want to really travel. You wont need to go downstairs at all on a long trip.

When you go out the back door of the Command Bridge you will find a large table and bench seat. This is the perfect spot on a nice evening. With the grill a few steps away this is a good spot for and evening meal. On the aft wall of the Command Bridge there is a row of large storage cabinets. This is the perfect place for storing covers and life jackets.

Satellite Weather

Refrigerator with ice maker

Stainless Steel Sink

Electric grill

Yacht Controller wireless remote control for engines and Bow and Stern thrusters

### **Crew Cabin**

Even if you are not sure you want crew, you will find the spacious crew cabin provides great storage and on those family gatherings no one will feel slighted staying in this space. You may find with the great range of the Marlow Explorer you will want to venture offshore for days at a time and taking on some help is a very nice option.

The Crew Cabin has its own entrance so they do not need to come into the salon to get to their quarters. There is an oversize berth, head and shower, TV, ample storage, and a refrigerator and microwave.

## **ABOUT MARLOW YACHTS**

Marlow Yachts are limited production yachts built under constant supervision and stringent quality control procedures. Very few products in the world undergo the battery of tests and scrutiny designed to make your yachting experience one of pleasure. The major vacuum bagged components are built in only three major molds constituting a marvelous technological advance that eliminates dozens of potential leaks and unsightly joint areas. Resin infusion is extensively used where appropriate. The Marlow Explorer exterior finish is among the finest on earth and will look like fine porcelain for years to come. Marlow yachts are designed and built to cross the oceans of the world in comfort and safety while the proprietary Strut Keel® technology allows inland and island cruising with fully protected running gear. Marlow yachts factory operations are capable of producing various yachts compliant with a variety of standards such as ISO 9001, USCG, ABYC, NMMA, CE, Bureau Veritas, Lloyds Register and other governing societies worldwide.

## **Exclusions**

Personal Items to include artwork on walls.

## **Introduction**

The owner of "Bet-A Buc" and the family have enjoyed cruising in their new Marlow Explorer over the last 2 years. This knowledgeable yachtsman has owned many fine boats over 5 decades and reports that this is the most quiet and comfortable yacht they have ever owned. She is comfortable at 8-10 knots with trawler like efficiency but will cruise at 21-22 knots whenever you want to get there quickly. The Marlow Explorer is one of a few yachts in the world that provide the ability to function very efficiently at either speed.

This 58E has a custom layout that provides a full beam center line Master stateroom with his and hers heads, a queen VIP with a very large guest head. The crew cabin is great for a captain or mate and I am sure some older grand children will be very happy with the space as well. The crew cabin and engine room are accessed via a private entrance on the aft deck.
